PRINCIPAL UPDATE

As we enter November, we are reminded of the importance of letting God guide us toward principled words and actions. Being principled means making choices that reflect our Catholic values by being honest, fair, respectful, and kind.

This month, let's be mindful of the words we use each day. Do our words encourage others, show compassion, and build one another up? May we continue to grow as principled learners, allowing our faith to guide both what we say and what we do.

IB AND FAITH PLAN UPDATE

Our focus in IB this month is on becoming more **principled.** Encourage students to do the right thing, even if no one is watching!

This month's faith plan will center on **the liturgy of the word**. We will be discussing how God's words show us how to live, and how our own words need to be appropriate, kind, and respectful.
